“Lillian Frances Releases new Indie Pop Banger, See Straight (feat. Abby Diamond)”

On January 17, Sacramento-based musician Lillian Frances released her new single “See Straight (feat. Abby Diamond).”

Something wanted to jump out of her chest. A wolf, or maybe a dragon. She could feel it clawing its way out, needing to escape.

Eight months into the pandemic and (like the rest of the world) Lillian was feeling, well... isolated. Lonely. As someone who delights in dating and romantic rendezvous, the whole “you-can’t-hang-out-with-anyone-anymore” thing was really starting to take its toll.

It is from the depths of this quarantine isolation from which See Straight was born. Devoid of authentic connection, Lillian dreamt up an imaginary world of lust and passion - a place where she could express all the love trapped within her, desperate to get out. It wasn’t a wolf. It wasn’t a dragon. It was love, springing forth from her chest, dying to be shared. It is this glass-runneth-over with love that transmuted into See Straight.

See Straight is equal parts hypnotic seduction - as Lillian lures you into her textured dreamland with arpeggiating synths and whimsical cellos - and passionate fireworks as the climax bursts forth from the speakers. “You hit the gas, I’ll grab the wheel; you get in touch, I’ll be in feel” Lillian half taunts, half begs, as her rich vocals lure the listener into her fantasy.

See Straight (feat. Abby Diamond) was released on January 17th, and the official music video will be released January 28. To see Frances’ collages and follow her musical endeavors, find her on Instagram at @lillianfrances.
